The Future Is Here! Everything you need to get 'Fully Charged' is at Silverstone

Wow! It's been a transformative twelve months for Fully Charged. With more than 3 million monthly episode views, a regular audience of around a million people, and thousands of new subscribers each month, we are as positive as ever about the switch to clean energy and electric vehicles. As the world wakes up to the threat of air pollution and climate breakdown, we believe Fully Charged has an important role to play in educating people about the possibilities of cleaner, greener technologies. Fully Charged LIVE is living proof that the times are changing.

We'd like to extend our thanks to those that make it possible. To those that watch the channel, not least our

3,500 or so Patreons, without whose crowdfunding Fully Charged would not exist. To the sponsors (Ecotricity, BP Chargemaster, Calvin Capital, DriveElectric, LV, Renewable Energy Association) and all of the exhibitors at Fully Charged LIVE; you're enabling us to take the show to the next level. And finally, we'd like to thank the tiny team of heroes that have half-killed themselves to get Fully Charged to where it is today, both the makers of the show: Mark, Jonny, Ben, Stuart & James and the team that are building a business around it: Jo, Sophie, Chris & Sam.

We hope you enjoy the show as much as we enjoy making it for you!

MAP, DIRECTIONS & CAR PARKING

WARNING: THERE IS NO EV CHARGING AT SILVERSTONE, SO PLEASE CHARGE YOUR EV EN ROUTE.

Getting Here

Silverstone Circuit is located on the A43. The A43 runs from the M1 at Junction 15A and from the M40 at Junction 10.

**Silverstone Circuit, Towcester, Northamptonshire,
NN12 8TN
United Kingdom**

On arrival at Silverstone, all visitors should follow signs for the North Car Park 22. Transfers will be provided from Gate 3 (next to the North Car Park 22) directly to Fully Charged LIVE in the Silverstone Wing, at the heart of the circuit itself. STRICTLY those only with PARKING MIRROR HANGERS (Blue Badge Holders) will be able to proceed and park directly at the PADDOCK. If you have NOT received a PARKING MIRROR HANGER you must park in North Car Park 22.
